SAFETY TIP OF THE MONTH:

The Los Angeles County Fire Department urges you and your family to always be prepared for an earthquake. Here are a few tips on how to stay safe and prepared for the aftermath of a major earthquake. If an earthquake hits:

- Drop, Cover, and Hold. Take cover under a sturdy desk or table, and hold on to it until the shaking stops.
- Keep your hallway clear. It is one of the safest places to be during an earthquake.
- Learn how to shut off utilities.
- Keep an earthquake supply kit (water, food, radio, flashlight, first aid, cash, etc.)
